

# PETITION SOS ORFORD PARK

Whereas the government has taken the decision to sell 649 hectares of public land in Mount Orford Park;

Whereas the government has announced its intention to present a special bill allowing for the sale of this land, which is contrary to its own law on parks, which ensures the permanent protection of our provincial parks;

Whereas the integrity of our 23 provincial parks will therefore be threatened by this precedent;

**« I hereby ask the National Assembly to respect our law on parks, and the government to renounce both its plans to sell land in Mount Orford Park and its special bill, so that we may ensure the ecological and territorial integrity of Mount Orford Park. »**
